

Meet the teacher

Briana Norman

About Me

I was born and raised in Tucson, Arizona. I attended the University of Arizona where I met my Husband. We moved up to Utah to pursue education. I have 4 children and have lived in Utah for over 25 years.

My experience

I was a room parent and volunteer in my children's classes for 8 years. I then substituted for Jordan School District for 5 years and am starting my 3rd year of teaching. I love teaching 3rd grade.

Fun facts

My classroom is "Bee" themed. As a child, my dad had beehives. I loved to extract the honey and eat the honeycomb. As an adult, I love to travel, read, and learn about history.

Favorite Quotes:

Anyone who has never made a mistake has never tried something new.

Without differences life would be very boring.
